with recommended
follow-up actions
and integrated task
management

Maintain Visibility and Oversight

with tools for efficient
case review, plus user-
level permissions and
timestamped
documentation

Data Security and Privacy Practices That Meet the Highest Standards

Why District Leaders Choose Canopy

Before Canopy, things were a hot mess. Now, we're all trained on the same protocol, and our teams love having the decision tree in Canopy to guide them through evaluations. From a district perspective, I can monitor cases, task follow-up, and trends. Canopy just releases some of our cognitive load so we can really meet the needs of our students."

*Dawn Baumgartner, Coordinator of Social Services & Wellness
Phoenix Elementary School District #1 (AZ)*
