

District Implementation Track

This four-session Summit series is designed for district leaders guiding MTSS implementation at scale. It is included at no extra charge with registration, so customize your Summit with this district implementation track or choose from 30+ other sessions, all led by experts and practitioners passionate about supporting students.

Session 1 Embedding MTSS in Your District's Continuous Improvement Cycle **Wednesday, December 3, 12:15 -1:15 pm ET**

How can district leaders ensure that their improvement planning efforts don't sit in one silo while MTSS sits in another? This session will explore practical strategies for aligning Multi-Tiered Systems of Support with district and school improvement planning processes to create a unified roadmap for student success.

*Presenters: Dr. Brian Gaunt, VP of Learning Engineering, Branching Minds
Dr. Steve Rappleyea, Sr. Consultant and Former Asst. Superintendent, NY*

Session 2 Using Fidelity Data to Guide Systemwide MTSS Implementation **Wednesday, December 3, 1:45-2:45 pm ET**

How do you measure if MTSS is actually being implemented as intended in your district – and use that data to lead at scale? In this session, you'll explore how MTSS fidelity data, gathered through tools like the Self-Assessment of MTSS Implementation (SAMI), can guide action planning for improvement.

Presenters: Ashlie Cox, Sr. Customer Success Manager, Dr. Leanna Mullen, Student Data Coordinator & Lily Moss, Assistant Superintendent, Egg Harbor Township School District, NJ

Session 3 Change Management for MTSS: Systems-Level Innovation That Lasts **Thursday, December 4, 12-1 pm ET**

Explore proven change management models and learn how to apply them to real-world MTSS initiatives. Bring a specific policy or practice you want to launch, and work toward a concrete plan to move it forward. This session is for leaders looking to drive innovation and sustainable change in MTSS.

Presenters: Jenna Davies, Customer Success Manager & Dr. Rhonda Hawkins, District MTSS Coordinator, Hempstead ISD, TX

Session 4 Creating a Professional Development Plan for MTSS Growth and Sustainability **Thursday, December 4, 1:45-2:45 pm ET**

Discover how to create a multi-year professional learning roadmap that drives both a successful MTSS launch and long-term sustainability. You'll learn to craft a cohesive plan that pairs clear vision and measurable outcomes with the flexibility to adapt as needs evolve. Leave with a practical framework you can immediately apply to design—or refine—your own PD strategy.

*Presenters: Christina Solinger, Sr. Professional Services Manager
Dr. Jayne Burton, Director of Professional Learning and MTSS, Boerne ISD, TX*
